Why Choose us?

At the heart of what we do, is the choice to organically grow beautiful flowers that enhance your wedding day. Sustainability is important to us in everything we do, our flowers have a tiny carbon footprint. Not only do we only grow or source only British Flowers, we also do not use any plastic oasis, instead opting for wool or moss. We produce our own compost, organic fertilisers, feeds, and our own bees to pollinate our wild flower meadow.

We also pride ourselves on building a stress free experience for our happy couples. It is important that your florist really understands not only your wedding colours but the feel of your wedding. Not every bouquet or buttonhole needs to be formal, or tidy, we definitely do wild and rustic well.

Every flower on your wedding day has been in our hands, and tended to in all weathers. Seeds carefully selected, sewn, nurtured, picked and prepped before they get to your hands. We really care about what we do as its taken us years to get to here, which makes us different and special enough for you.

Every bouquet we create is completely individual. Carefully arranged using our home grown seasonal flowers and foliage to your colour, styles and wedding aesthetics. Bouquets can be finished with bespoke ribbons or fabrics that add to the beauty of your arrangement. We always provide you with vases to keep the bouquets fresh and looking their best throughout the day.

Bridal Party Flowers

Sympathetically arranged to compliment the wedding couples flowers. From bridesmaids bouquets, to flower crowns, buttonholes and corsages. We have even created head collars for donkeys and dogs, nobody is left out. Flowers for your friends and family celebrate their role and enhance the beauty of your wedding day.

Venue Flowers

Be surrounded by beautifully crafted flowers that reflect your wedding vision, colours and style, we want you and your guests to be wowed.

We can arrange table decorations in any manner of designs. We've made large centrepieces, quirky bud vases, stems of foliage and individual vase focal points.

Ceremony arches or backdrops make a lovely frame for your 'I do'. All arranged in eco friendly wool or moss.

Aisle and pew end arrangements can be from as little as a miniature posy to a wild and rustic meadow box.

Statement arrangements can be strategically place around your ceremony or reception for high impact. We love milk churns, hanging hoops and pillars to add beauty to your day.
